STATEMENTS

A DISPERSION OF A GREAT COLLECTION OF INDIVIDUALS, A GREAT HERD BULL, OTHER GOOD BULLS, FEMALES OF GREAT WORTH, THE BEST OF AMERICAN BRED AND IMPORTED SPECIMENS.

The scattering of this great herd should impress the public with the fact that there is going to be sold some of the best females, home bred and imported that have been auctioned in years, that a remarkable bull is to sell, that the herd from first to last is a superb aggregation of the best individuals in merit, pedigree and usefulness that it is possible to get a price on, nowadays, either at public or private treaty. This herd is selling intact from the herd bulls down to the youngest calf, there will be no hold-outs, it is a sale where the cream is to be tapped, a herd that was gathered by a man who wanted the best, and who went his limit in acquiring it.

In Albert Conqueror a great bull is listed. As an individual he will classify among the elect for he has those qualities that a great bull must have if he is to measure up to the critical requirements of present day demands. Albert Conqueror is such a bull. He is a show bull, and he is patterned so well that he should become a sire whose progeny should rank high in close contests, he has the right qualities to impart to his offspring, his ancestry has proved its worth, and in view of this rightful combination of individual merit and pedigree, why should this bull fail to make a name for himself as one of the greatest of Britian bred bulls that has come to America in many years. Three other great herd bulls will be sold. These bulls and this herd of great females is selling for the high dollar. Let breeders, and everyone who wants the best plan to be present. The future will be bright for the man who will buy such seed as sell here.

By FRANCIS T. MARTIN,
Of the Breeders' Gazette.

The dispersal of the great Braywood herd, while a distinct loss to the breed in many ways. releases to public appraisal foundation cattle that under other circumstances would never have been put in price.

The value of these great matrons, many of them sired by the best bulls of Britain as well as of the United States, cannot be estimated. The price at which they will sell at public auction will be insignificant in comparison to their real value.

Someone will secure great values at this sale. Those who do not make an effort to receive a part of the benefits of this dispersion are missing one of the really great opportunities the industry affords.

Statements regarding the merit of this herd and the famous bull at its head, have appeared so often in these columns that they need no repetition now. Just send at once for the catalog and be prepared to take your share of this lot of cattle, the like of which is not often offered at auction.

WILL JOHNSON,
of the Shorthorn World.

IMP. ALBERT CONQUEROR.

Irish Land Commission, Dublin, 13, January, 1920.

Dear Mr. Marshall:

I am very much interested to hear that Mr. Hartnett has shipped "Albert Conqueror." I look upon him as a very fine bull indeed and he got some beautiful stock for me while in my possession, with beautifully straight backs, great quality and quite the right sort. He was a very certain getter, perfectly healthy as far as I know and altogether a great bull apart from his breeding. That, as you know, cannot be beaten in the Herd Book, as he is descended on both sides from the very best line of Cruickshank cattle that ever existed. His sire, Bapton Citadel, has proven a great breeder and was out of the best Clipper cow ever owned by Mr. Deane Willis. His dam is the most lovely Crocus cow that you could see anywhere, deep and short legged, and of the most perfect formation, got by a beautiful Princess Royal bull, Albert Royal by Bapton Favorite, and with the very best bulls and cows all through her pedigree. You can certainly recommend him as a stock bull for any herd, as I believe he is one of the best bulls that has been shipped out of this country for a long time. With kind regards and hoping to see you over at our Dublin sale in March next, believe me.
